Gabrielle did not learn of his second marriage until some time after the knot was tied, and last week she procured a warrant for William's arrest.

Saturday afternoon William had a hod on his shoulder and was just entering a building in course of erection when Policeman Trammell stopped him and placed him under arrest. William could find no one who would become william could find no one who would become responsible for his appearance, and consequently he had to remain behind the bars. A CLUB HOUSE BURNED.

The Building on Analostan Island Owned by the Columbia Athletic Club. Fire was discovered in the large frame club iouse on Analostan Island last Saturday night, and before help could be obtained it burned to the ground. The house was the property of the Columbia Athletic Club, and a resort of a large number of members on Sundays. The house contained a large amount of glass and china ware, which was also totally destroyed. Yesterday morning President Hood of the club visited the scene of the fire and carried on a rigid investigation. He learned from O'Neill, school of the First Baptist Church was held last evening at the church, which was crowded The fire was no light of any kind in there.

The fire was without doubt the work of an incendiary, and the board of governors of the club have offered a reward of \$100 for information that will lead to the arrest and conviction.

THE CONDUIT ROAD NOW SAFE. Since the stationing of officers all along the Conduit road the fast driving, of which there has been such complaint, has almost entirely been stopped, and now this pleasant road, which is so frequented on Sundays, is as safe to ride upon as is one of our town streets. Much credit is due the city and county police for the prompt manner in which this dangerous practice was stopped. Yesterday only one arrest was made by an officer disguised in citizen's clothes, and the police say that in a few weeks more fast driving on this road will be a thing of the past.

Yes, I know that is so, sometimes, but in the fac the credulity and gullability of the general public silence is a FRAUD, practiced not only upon ourselves but upon THE PEOPLE. Under such circumstances silence is UNPARDONABLE. We have always claimed and maintained to guarantee PROTECTION to EVERYBODY and it is now too late in the day to recede from that position, even if 'twere desirable, which it is not. We're in a dilemma and are honest enough to admit it, but if 'twere not so we should do just as we now propose to do, viz:

SPLIT THINGS WIDE OPEN

And show up the frauds being practiced upon THE PEOPLE by merely quoting prices.

Our dilemma is "simply this and nothing more:"

First. The non-completion of the improvements on

our building.

Second. The backwardness of the season.

Third. The fact of having manufactured a tremendous stock of goods in anticipation that everything would be in readiness.

Fourth. We have met with disappointments on every hand and find ourselves with only

SIX WEEKS

Of time in which to dispose of the largest stock of

FINE READY-MADE CLOTHING

We ever manufactured for this or any other market.
WE MUST UNLOAD. WE MUST UNLOAD.

And in so doing will smash into smithereens the protestations, pretensions and professions of the self proclaimed benefactors of the people.

Good values we've always given, but when it comests SOUVENIRS! SOUVENIRS!! SOUVENIRS!! There's nothing mean nor paltry about them. No coarse cards, cheese cakes, or chicken coops in embryo, but something solid, substantial and soothing, to wit:

SERGES, WORSTEDS, HOMESPUNS, C MERES, TWEEDS, BANNOCKBURN CHEVIOTS, &c., &c., &c.
